

Converting a PowerPoint® Presentation into TurningPoint®

TurningPoint version 4.0 or higher

The following has been provided for your convenience. If you have additional support questions, please feel free to contact Turning Technologies Tech Support at 1-866-746-3015 or visit www.TurningTechnologies.com.

Slides that were created in PowerPoint to be questions can easily be converted into interactive TurningPoint questions.

To convert a PowerPoint slide into a TurningPoint slide:

1. Begin with a PowerPoint Slide in **Title and Text** (Office 03) layout **or Title and Content** (Office 07) layout. *Hint: Title Area = Question; Text/Content Area = Bulleted Answer Choices*
2. Click the **Insert Object** button.
3. Select **Charts** option.
4. Choose one of the six available chart types.
