

TurningPoint AnyWhere™ - PC FAQ

TurningPoint AnyWhere – PC Version 2.0

The following FAQs have been provided for your convenience. If you have additional support questions, please feel free to contact Turning Technologies Tech Support at 1-866-746-3015 or visit www.TurningTechnologies.com.

What is TurningPoint AnyWhere?

TurningPoint AnyWhere is a stand-alone application designed to allow polling without the use of PowerPoint®. You can use TurningPoint AnyWhere with content developed in such programs as Word, Keynote®, .pdf files and web pages to poll your audience.

Do I need a receiver to use TurningPoint AnyWhere?

Yes, to receive responses from ResponseCard® keypads, you will need to use a Turning Technologies receiver with TurningPoint AnyWhere. If you are collecting participant responses via ResponseWare, you will not need a receiver.

What is a Question List?

A Question List allows you to create and present questions to your audience using TurningPoint AnyWhere instead of using another application.

How do I create a Question List?

1. Select the **Main Menu** button on the show bar (yellow down arrow in lower left corner).
2. Mouse over **Question**, and select **New Question List** to open the **Question Editor**.
3. Type the question text in the box on the top right panel.
4. Type the answer text in the boxes provided.
5. To add additional answer choices, select **Add Answer Choice** at the bottom right of the panel.
6. To remove answer choices, select the (**X**) next to answer choice to remove it from the list.
7. To add an additional question, select the **Add Question** button at the top of the window.
8. To save the list, select **Save** at the top of the window.

How do I add a Correct Answer Indicator to my questions?

When creating the **Question List**, check the box that states "**Display a checkmark next to correct answer(s) after polling closes**", located above the area where you input the answer text. If you wish to include a **Correct Answer Indicator** with all questions, please select the **Apply to All** button.

How do I create Participant Lists with TurningPoint AnyWhere?

1. Select the **Main Menu** button on the show bar (yellow down arrow in lower left corner).
2. Mouse over **Participant** and select **Create Participant List**.
3. Select a participant list template.
4. Select **Next**.
5. A screen will display all the fields selected in your list and all available fields. Customize your fields as needed.
6. Select **Next**.
7. The **Participant List Summary** page will appear with the default name of the list.
8. Name the **Participant List**.
9. Select **Finish**.
10. Select a field and type in the participant information.
11. Select **Enter** to move to the next row.
12. Repeat steps 10-11 until all the participant information has been entered.
13. Select **Done**.
14. The list will automatically save.

Am I able to use Participant Lists that I have created with TurningPoint® with TurningPoint AnyWhere?

You are able to use lists created with TurningPoint 2008 in the .tpl format with TurningPoint AnyWhere.

Does TurningPoint AnyWhere save reports in an Excel® format?

No, TurningPoint AnyWhere saves files in either HTML, CSV or PDF (Mac only) format. A CSV file is a text only file that can be opened in Excel.

Am I able to use TurningPoint AnyWhere with my Learning Management System?

TurningPoint AnyWhere currently integrates with Blackboard™ and WebCT® 6/ Vista.

How do I create a ResponseWare Session ID for my TurningPoint AnyWhere™ presentation?

1. Click the **Main Menu** button on the show bar (yellow down arrow in lower left corner).
2. Select **Tools**.
3. Select **ResponseWare**.
4. Enter your ResponseWare username & password.
5. Select **Login**.
6. Select **Close**.
