

TurningPoint Quick Start Guide

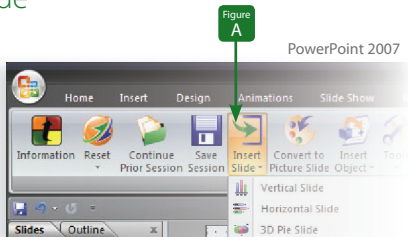

Installing TurningPoint Software

- 1) Install TurningPoint in one of two ways:
 - a) Download TurningPoint from www.TurningTechnologies.com/Downloads.
 - b) Insert your TurningPoint CD into your computer's CD-ROM drive.
- 2) Follow the on-screen instructions to begin the installation wizard.

Creating an Interactive PowerPoint® Slide

- 1) From the TurningPoint Toolbar, click **Insert Slide** and select a **Slide Type**. (Figure A)
- 2) Enter your question and answer choices into the appropriate text boxes.

*Tip: Enhance your presentation with added features in the **Insert Object** dropdown menu on the TurningPoint Toolbar.*

Hardware Setup

- 1) Plug in your Receiver.
- 2) Click **Tools** on the TurningPoint Toolbar and select **Settings**.
- 3) Click **Response Device**. Under ResponseCard Channel, click the number to the right to select your desired Receiver Channel. (Figure B)
- 4) By Default all ResponseCards are set to **Channel #41**.

Tip: All ResponseCards are set to Channel #41

Polling with Response Devices

- 1) Open TurningPoint and open an Interactive Presentation.
- 2) Make sure **Response Devices** is selected in the drop down menu on the TurningPoint Toolbar. (Figure C)
- 3) To prep slides for polling, reset your Session by clicking **Reset** on the TurningPoint Toolbar (Figure D) and select **Session**.
- 4) From the PowerPoint toolbar, launch your presentation in **Slide Show** mode. Click to advance through the presentation.
- 5) Once the interactive slide appears, participants can answer the question. Polling will remain open until you advance to display the graphical results.
