Uninstalling TurningPoint®

**** If you presently have an earlier version of TurningPoint 2006 on your computer you must uninstall it before installing the new build.**

To uninstall TurningPoint 2006:

Go to the **START** menu and open the **Control Panel**. Double click **Add/Remove Programs**. A second window will open with a list of the programs installed on your computer. Scroll down and find TurningPoint 2006. When you select TurningPoint 2006, the section will expand and the **Remove** button will be visible.
