Minimum System Requirements:

- Windows® 7, 8 or 10
- Intel® Pentium® dual-core processor, 2 GHz or higher
- 2 GB RAM
- 1.6 GB hard disk space for installation (additional 771 MB for Gallery content)
- DVD-ROM drive for installation (optional)
- USB port
- X VGA (1024 x 768) or higher resolution with minimum 24-bit color
- Video card with support for DirectX 9 or greater
- Speakers and microphone for audio and video files
- Adobe® Flash® Player 9.0 or higher
- An active internet connection to register a product license key and to access online Help

v10

- New Feature – Support for Windows 10 high density screens
- New Feature – Added software license with an authentication process to register the user's unique license key with the hardware ID.
 - **Trial** – All WorkSpace features and WorkSpace Connect are enabled for 45 days. To use WorkSpace *after* the trial version expires, a user must (1) connect to a Turning Technologies interactive whiteboard or Mobi **or** (2) have a license.
 - **Lite** – Designed for users with a Turning Technologies interactive whiteboard or Mobi. When connected to a board, all WorkSpace features and WorkSpace Connect are enabled. When disconnected from a board, a user can create WorkSpace content with all WorkSpace features enabled *except* Freehand Recognition Tools and WorkSpace Connect. A Lite product license key can be registered on five computers.
 - **Full** – Designed for users with no Turning Technologies interactive whiteboard or Mobi. All WorkSpace features and WorkSpace Connect are enabled with or

without a board connection. A Full product license key can be registered on one computer.
