

Results Manager

Results Manager, a session manager designed like a gradebook, organizes session files associated with a participant list. Participant and session data can be viewed as well as edited within Results Manager.

Opening Results Manager

- 1 From the Dashboard, select the **Manage** tab.
- 2 Select the appropriate **participant list** from the left panel.
- 3 Click **Results Manager** in the bottom right corner.

The Results Manager screen is displayed.

The screenshot shows the 'Results Manager' screen for the 'European Geography' session. It displays a table with columns for Name, Quiz 1 Lab 2 Ch..., Quiz 1 Lab 2 Ch..., Total Performance, Total Points, Percent, and Overview. The table lists 20 participants and their scores. The 'Overview' column on the right has expandable options for 'View Options', 'Attendance', and 'Benchmarks'. The 'Close' button is visible at the bottom right.

Results Manager Overview

Viewing Options

- 1 Expand **View Options** within the Results Manager Overview.

The screenshot shows the 'Results Manager Overview' window for a quiz titled 'European Geography'. The window has a top navigation bar with 'Polling', 'Content', and 'Manage' tabs. Below the navigation bar are icons for 'Overview', 'Columns', 'Integrations', and 'Export'. The main area displays a table of participant performance. On the right side, there is an 'Overview' panel with a 'View Options' section that is expanded, showing checkboxes for 'Per Session', 'Total', and 'Possible' for both 'Performance Points' and 'Attendance Points'. The 'Attendance Points' section is currently selected.

Click to change the view of both the Performance and/or Attendance points.

a Attendance points can be added to the session's total points.

- Expand **Attendance** within the Results Manager Overview and enter the attendance points in the box provided.
- Enter the **session threshold** in the box provided. The session threshold is the percentage of questions a participant is required to answer to earn attendance points.

This screenshot is similar to the previous one, but the 'View Options' panel is expanded to show the 'Attendance' section. In this section, there are two input fields: 'Attendance Points' and 'Session Threshold'. The 'Session Threshold' field is currently set to '50 %'.

b A benchmark in Results Manager is a standard by which a grade can be measured.

- Expand **Benchmarks** within the Results Manager Overview and enter a benchmark in the box provided.
- Click the **Performance Scale** icon to set a percentage range indicating how participants performed across all sessions.

The screenshot shows the Turnitin Results Manager interface for a quiz titled "European Geography". The main table lists participants with columns for Name, Quiz 1 Lab 2, Quiz 1 Lab 2, Total Performance, Total Points, and Percent. The right-hand panel is open to the "Benchmarks" section, which includes a text input field for "Benchmarks" and a "Performance Scale" button. The interface also shows "Number of Columns: 2", "Number of Participants: 37", and "Average Score: 30.89%".

Participants

Viewing Participant and Grade Overview Information

The Grade Overview displays the number of session and the amount of performance points, attendance points and the total points earned each participant earned.

- 1 From the **Manage** tab, select a **participant list** and click **Results Manager**.
- 2 Select the **participant row** and expand either the **Participant Information** or the **Grade Overview** category in the right panel.

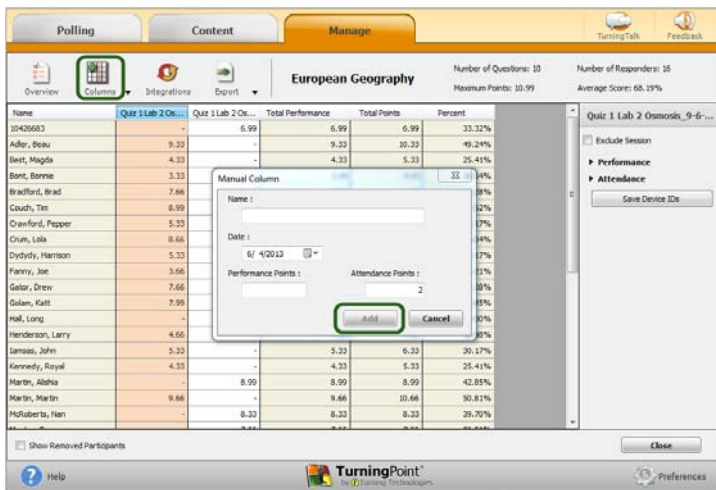

This screenshot shows the Turnitin Results Manager interface with the "Participant View" panel expanded on the right. The panel contains "Participant Information" fields for First Name (Bonnie), Last Name (Bont), and User ID (10425001), as well as a "Devices" section with an AD# field. The "Grade Overview" section is also visible at the bottom of the panel. The main table in the background is the same as in the previous screenshot, but the row for "Bont, Bonnie" is highlighted in orange.

Other Assignments

Adding a Manual Grade Column

Manual grade columns can be added to Results Manager for assignments *not* conducted in a polling environment. The values of these assignments will be added to the overall average scores and will be included in the export options.

- 1 From the **Manage** tab, select a **participant list** and click **Results Manager**.
- 2 Select a **column**, click **Columns** and select **Add Manual Column**.
- 3 Enter the column **name**, **date**, **performance point(s)** and **attendance point(s)**.

- 4 Click **Add**.
- 5 Double-click a **cell** in the new column to manually enter a participant's grade.

Devices

Assigning an Unassigned Device

Unassigned devices are devices (ResponseCards or ResponseWare) that responded during a session but are not assigned a participant within the participant list.

- 1 From the **Manage** tab, select a **participant list** and click **Results Manager**.
- 2 Select the **unassigned device** in the Results Manager Overview.
- 3 Expand the **Assign Device** category in the right panel.
- 4 Select the appropriate **participant** from the **Choose Participant** drop-down menu and click **Assign to Participant**.

The screenshot displays the 'Manage' tab in the TurningPoint software. The main window shows a table for 'Technical Writing' with columns for Name, Total Performance, Total Points, and Percent. Below the table, there is a section for 'Unassigned Devices' with one entry: '327A12'. On the right side, the 'Unassigned Device View' panel is open, showing a 'Choose Participant' dropdown menu with a list of names including Madison, Monroe, Poik, Poedams, Tyler, Millmore, Marburn, Hayes, Jefferson, Roosevelt, Ugrant, Harding, Harrison, Smckinley, Laft, Swanson, and Taylor. The 'Assign Device' button is highlighted in the panel.
